

**February 7, 2020**

Give Kids A Smile (GKAS) is a national program. Once a year, on the first Friday in February, volunteers in the dental community give their time and services to deliver screenings and treatment to needy children age 12 and under, **absolutely free.**

Parents, guardians, school nurses and community leaders have taken advantage of this incredible opportunity to have free dental care for children in need as well as introducing children to dentistry via a positive, fun-filled day of learning about the importance of oral health.

Please note that every child must be accompanied by an adult that is the child's parent or guardian. Also, appointments for each child or groups of children must be made in advance directly with the participating location.

***NEW JERSEY PARTICIPATING LOCATIONS***

(All free visits are by appointment only. Call location(s) for exact addresses.)
